BoardVitals™

PRODUCT OVERVIEW

Enhance Training Via the #1 Source for Specialty Medical Education

What is BoardVitals?
BoardVitals is the largest and most used question bank for In-Service Exams, Board Exams, Shelf Exams, and Physician Re-Certifications. We provide the highest quality questions, answers, and explanations targeted to over 35 medical and other healthcare specialties.

A specific example: Meet Dr. Thomas

1. Dr. Thomas receives notification that it is time for his 5-year recertification exam.
2. He accesses the hospital library or University reference system and gains access to the question bank.
3. Dr. Thomas finds his specialty and in his free time tries to answer questions. He may also train on another specialty depending on job demands.
4. Dr. Thomas sees how well he does compared to other doctors, and identifies the areas that he needs to spend more time on via our intelliCat™ reports.

From Our Users

- Most comprehensive online board review resource for numerous specialties I have seen. Wish I had this sooner."
  - Dr. Garry Choy, Harvard Medical School  
  Mass General Hospital

- BoardVitals is the best question bank out there for board review, MOC, and inservice exam review.”
  - Dr. AC, UCSF School of Medicine
